

Common Purpose

the Hijacking of Values towards a One World Order

On the Edge with Theo Chalmers, TPUC.org.uk, 1 February 2009

“Good evening, welcome to ‘On the Edge’ with me, Theo Chalmers. Tonights show is live . . . the extensive research on the growth and influence of a semi-secretive organisation called ‘**Common Purpose**’ with links at the highest levels to every town and city in the UK and its true, but secretive agenda, may be linked to a future common law government . . . speaking with campaigner and former Lieutenant Commander RN, Brian Gerrish, who will offer us some very startling revelations. What a show we’ve got tonight . . .”

Lieutenant Commander RN Brian Gerrish, Rt: “I was in the Navy for 23 years and left in 1993 . . . I believed in Global Warming which I don’t now.”

Lt-Cdr RN Brian Gerrish Rt. [22 minutes in]: “Common Purpose . . . they’re operating under the Chatham House rule. The Chatham House rule is a rule which came out of Chatam House which is the Tavistock Institute in London. You can have a meeting, but when you leave the meeting, you don’t say who was present, or who gave a particular piece of information, but you can use the information.”

Lt-Cdr RN Brian Gerrish Rt. [45 minutes in]: “The reason you’re not hearing about it and we’re not hearing about it is because the Family Courts are closed. Now we’ve had a change in that it’s recently been stated the results of the Court hearings will be made known, but that is a smoke screen because the damage is being done inside the courts . . . they’re meeting in secret. Just suppose that the judge running a secret Family Court was himself a child abuser. Just suppose that was true. You’d have a very dangerous situation and I’m going to say the evidence coming in across the country is this is what is happening.”

Theo Chalmers: “Well I mean that is probably the most shocking revelation that we’ve had on this show.”

Lt-Cdr RN Rt. Brian Gerrish: “If you would like to run another programme and you would like people with the evidence and the experience, we will bring them to you.”

Theo Chalmers: “Well okay, that’s very interesting, and we’ll certainly consider that, and if Common Purpose want a right of reply, we’ll certainly give that to them.”

Lt-Cdr RN Rt. Brian Gerrish: “. . . if we know Common Purpose are having closed door meetings for which there are no minutes, this would facilitate inappropriate behaviour by people in social services.”

Theo Chalmers: “Okay, so it could be a separate thing and not connected to Common Purpose . . . I’m speechless really. Thank you very much to my special guest Brian Gerrish. If you’ve enjoyed this show, please tell all your friends. Next week we’ll be back with another exciting show that may well change the direction of your life. In the meantime remember, they’re watching you watching us watching them.”
